

Inspection Checklists
July 21, 2016

Versico Roofing Systems is pleased to announce that inspection checklists for [EPDM](#), [TPO](#), and [PVC](#) roof systems are now available for download on the [Versico website](#).

Waterproof versions of these checklists, ideal for use on the jobsite, can be ordered using Versico's [online literature and sample order form](#). Please note that you must be logged in to the website to access the order form.

These one-page, foldable checklists are designed to help contractors better understand Versico's requirements for the final roof inspection. Each checklist includes system-specific details, enabling contractors to quality-check their own work, as well as installation requirements and recommendations from Versico.

If you have any questions, please contact me at Mike.McGann@CarlisleCCM.com.

Sincerely,

Michael McGann
